

## Cook County Department of Public Health Order 2021-11

January 3, 2022

On December 23, 2021, the Cook County Department of Public Health (CCDPH) issued Mitigation Order 2021-11, effective today. The Order imposed requirements for confirming proof of vaccination for individuals throughout various types of businesses within Cook County, including Pleasant Dale Park District venues. On December 31, 2021, CCDPH amended the Order to EXEMPT park district sponsored youth fitness and sport participants and spectators.

**Proof of vaccination WILL NOT be required for:**

- Fitness and athletic classes for individuals 18 and under
- Spectators of indoor sports where no food or beverage is being served
- Any individual participating in special recreation programs

The mask mandate inside any park district venue remains for all individuals ages 2 and above who can medically tolerate a face covering. We are continuing our cleaning protocols as we continue to take precautions to prevent the spread of Covid-19.

We thank you for your patience and understanding. We also appreciate your cooperation with staff as this continues to be a fluid situation. Any future updates will be communicated as new information becomes available.

Thank you,
